Aspen Logistics, Inc. Names Randy Scott as New Director of Sales

Temecula, CA. 2.15.11 – Aspen announces that its new Director of Sales will be Randy Scott. Randy will head Aspen's efforts to grow their customer base and expand their solutions into a broader range of customer needs and industries. Aspen made their selection after vetting through potential candidates and felt that Randy is the perfect fit for their business strategy. Randy already has over 20 years of experience in the logistics industry. He was most recently held a directorial position with Sun Products Corporation. Sun manufactures detergents and soaps for the general consumer. Randy used Aspen's services while at Sun, so he joins the company with an already intimate understanding of their unique business culture and values. Randy's extensive experience in the industry is an invaluable asset, along with his forward thinking and infallible character. Aspen expects that his appointment will result in huge strides in their growth.

Randy has worked most of his career in the logistics industry. He began this career path while working for Deseret Medical Inc. as a supervisor. He gained a unique insight into the pharmaceutical and medical device industries. He continued on with Huish Detergents, which eventually combined with Unilever North America Laundry Division to become Sun Products. Randy oversaw and managed the mergers of both companies' supply channels. His responsibilities encompassed 5 locations throughout the U.S. with over 500 employees, 5 million sq.ft and \$100 million in annual operating expenses. He excelled at making his supply chain operate at maximum efficiency while maintaining lean practices and exceptional output. Aspen sees his past experience as bellwether of his drive to surpass customer initiatives and bring real value to their supply chain needs. His extensive knowledge of both medical and consumer goods will bring a wealth of insight on best-practices to Aspen's customer base.

For additional information please contact Christopher Ticknor Aspen's Director of Marketing, or call Aspen Logistics at (800) 741-7360.

Aspen Logistics, Inc. is a top 100 third party logistics firm who has been in business for over 30 years and operates approximately 3 million square feet of modern refrigerated and ambient warehouse facilities along with their own fleet of trucks. Aspen specializes in a variety of value-added services, including co-packing, pick pack, just-in-time inventory management and time sensitive custom deliveries. Aspen is a specialist in the retail and healthcare supply chain and understanding the details involved with shipping to major retailers and grocery chains has been a key to its successes.
